A decision to buy a new policy and discontinue or change an existing policy may be a wise choice or a mistake.

Get all the facts. Make sure you fully understand both the proposed policy and your existing policy or policies. New policies may contain clauses which limit or exclude coverage of certain events in the initial period of the contract, such as the suicide and incontestable clauses which may have already been satisfied in your existing policy or policies.

Your best source for facts on the proposed policy is the proposed company and its agent. The best source on your existing policy is the existing company and its agent.

Hear from both before you make your decision. This way you can be sure your decision is in your best interest.

If you indicate that you intend to replace or change an existing policy, Florida regulations require notification of the company that issued the policy.

Florida regulations give you the right to receive a written Comparative Information Form which summarizes your policy values. Indicate whether or not you wish to receive a Comparative Information Form from the proposed company and your existing insurer or insurers by placing your initials in the appropriate box below.

YES NO

DO NOT TAKE ACTION TO TERMINATE YOUR EXISTING POLICY UNTIL YOUR NEW POLICY HAS BEEN ISSUED AND YOU HAVE EXAMINED IT AND FOUND IT ACCEPTABLE.

I have read this notice and received a copy of it.

EXPLANATION OF TERMS

“Generic Contract Type” is the generic name of the annuity contract form as approved by the Florida Office of Insurance Regulation. Examples of generic annuity contract names are Flexible Premium Equity Indexed Annuity (FPEIDA), Single Premium Immediate Annuity (SPIA), Flexible Premium Variable Deferred Annuity (FPVDA), and Single Premium Deferred Annuity (SPDA).

“Marketing Name” is the name adopted by the insurer to identify the contract form.

“Qualified Contract” means a product used to fund any type of pension plan approved by the Internal Revenue Service.

“Annuity Maturity Date” is the final date of termination of the contract at which time the proceeds of the contract must be paid out.

“Surrender Charge” is the amount deducted from annuity contract values upon surrender of an annuity, or for withdrawals exceeding any free withdrawal provision of the contract, regardless how this charge is titled in the policy, e.g., deferred sales charge.

“Surrender Charge Period” is the number of annuity contract years a surrender charge may be applicable.

“Initial Surrender Charge Percentage Rate” is the original percentage rate that is deducted from annuity values at the inception of the existing annuity contract, or that will be deducted from the recommended replacement contract at its inception if purchased.

“Surrender Charge Percentage Schedule for Remaining Years” the percentage rate that would be deducted from the existing annuity contract if surrendered, or for any withdrawals exceeding the “free withdrawal” limit.

“Minimum Guaranteed Interest Rate” is the minimum interest rate payable under the annuity contract as guaranteed by the insurer in the annuity contract.

“Initial Bonus Percentage or Amount” is a bonus paid by the insurer, generally, at inception of the annuity contract, and may be expressed as a percentage of the initial premium or other amount, or a dollar amount, and must be stated in the annuity contract.

“Potential Loss of Bonus if Exchanged” refers to whether any bonus would be lost if the annuity contract was exchanged or terminated for any reason.

“Interest Rate Cap” this is the maximum rate of interest the annuity will earn.

The index term is the period over which index-linked interest is calculated. “Market Value Adjustment” is the increase or decrease in the surrender value of the contract that is adjusted to reflect market fluctuations.

“Administrative Fees or Margins” are charges that amount to the difference between the percentage gain in the index and the actual amount credited to the annuity contract.

“Asset Fees” are the fees the insurer charges that are a percentage of the value of the annuity contract.

“Death Benefit Amount” is the net amount that would be paid to the annuitant’s designated beneficiary or beneficiaries of an existing annuity, or the death benefit that the proposed replacement policy would pay as of the contract issue date.

“Free Withdrawals” are the withdrawals that may be taken from an annuity’s values that are not subject to surrender or other charges and are a provision of the annuity contract.

“Annual Free Withdrawal Percentage Rate” is the percentage of available funds that may be withdrawn from an annuity contract, generally on an annual basis and is stated in the annuity contract.
